

Teddington C2 Squad in Action at Guildfordians, 7th October 2007

Teddington C2 saw steady improvement through the Festival with another squad consisting of new and old faces.

After being thumped in the first match by Guildford, the boys responded well to beat Pulborough in the second. This was followed by a narrow defeat to Farnham in the third.

The final match against a very well drilled Old Alleynians saw the team lose but with a very creditable second half where they drove the opponents back from the try line several times.

Overall key areas for improvement are:

- 1) Tackling
- 2) Rucking (both on own ball and defending)
- 3) Passing (before the tackle)

But in spite of the loses some good points; in particular the character of the team after a heavy defeat and their willingness to improve. Everyone enjoyed the experience & will have plenty to focus on back at IC next week.
